Adjusted capital value of off-bilance PPPs (\$13)

Adjusted capital value in the object of the bilance PPPs (\$10)

Adjusted capital value. Initial contractual capital value in the contract is progressively reduced over time by the amount of the "economic deposition" which calculated on the basis of estimates or actual data. The adjusted capital value reflects the cament which off the series of the time of reporting. The amount is deemed to reflect the GFCF and debt impact in case that government would have to take over the assets during the life of the contract.

Data are to reported at nominal value.
